# MUHAMMAD MUHID

4G6/6,Nazimabad no. 4 │ +92 (315) 2091610 │ muhammadmuhid42@gmail.com │ linkedin.muhammad-muhid/

## SUMMARY

I am Muhammad Muhid, an IT professional with expertise in front-end development and network engineering. Skilled in HTML, CSS, JavaScript, React.js, and WordPress, I have developed projects utilizing modern frameworks like Bootstrap and Tailwind CSS. My internship as a Network Engineer enhanced my skills in networking and IT infrastructure. I am passionate about problem-solving, optimizing network performance, and creating responsive, user-friendly web applications. Eager to contribute to dynamic projects and continue growing within the tech industry.

## WORK EXPERIENCE

**CodSoft (Web Developer as an intern) │ Remote**                    **June 2024 - July 2024**
- Designed and developed a personal portfolio website showcasing projects and skills using modern web technologies.
- Created a small business website, focusing on clean design and user experience.
